Wuerth Philippines Inc.

JUBILEE: 25 YEARS OF WUERTH-PHILIPPINES!

This year, W-PH is celebrating 25 years of operation! A jubilee year full of communication, special promotions, jubilee products and advertisements.

Wuerth Philippines marked its 25th anniversary this June with the inauguration of its first ever showroom store and Manila sales office, the Wuerth Business Center. The showroom store features Wuerth products such as automotive cleaning chemicals, garage workshop equipment, tools, construction hand tools, chemical anchors, PPEs and other bestselling products. The new facility is located right in the heart of the Ortigas business center in Pasig City, Metro Manila.

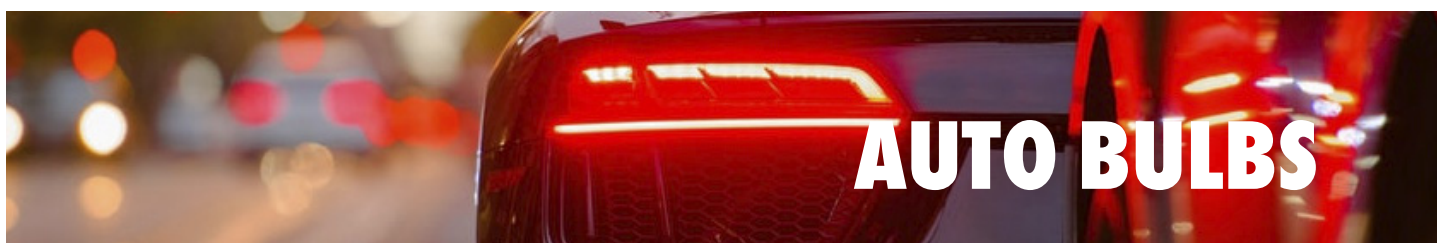

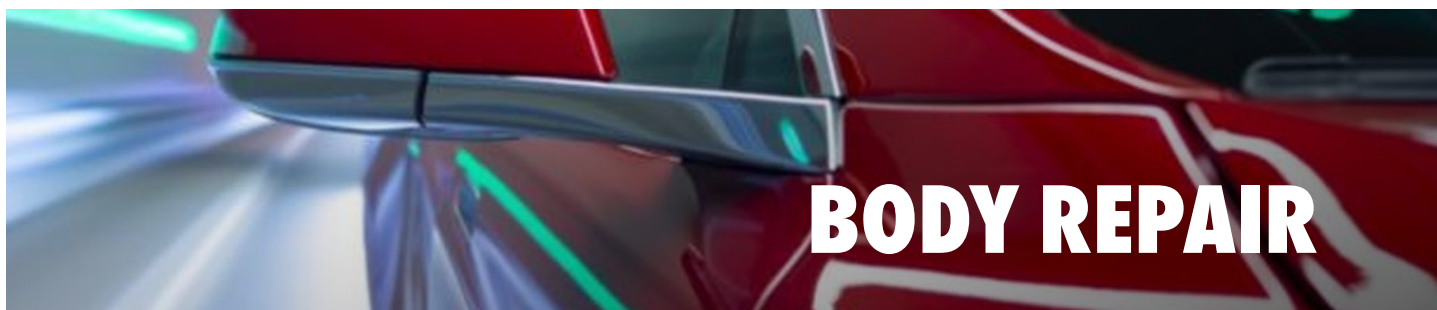

Wuerth Philippines started its operations in 1996 with a small warehouse office. From there it has grown to become the leading brand in automotive maintenance products ranging from chemicals to hand tools and workshop equipment and now headquartered in Laguna Technopark, one of the thriving industrial parks in the country. The company has transitioned into a multi-industry organization supplying the requirements of the automotive, construction and industrial companies.

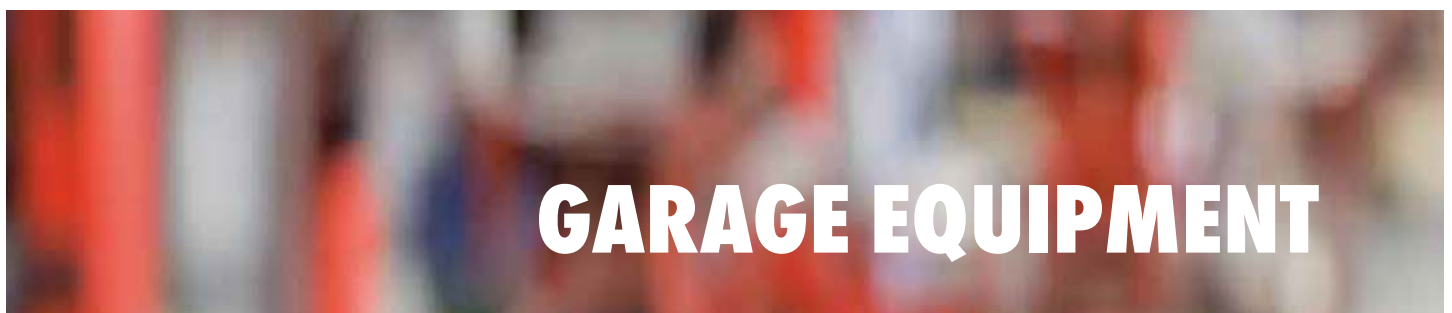

The opening of the Wuerth Business Center is a fitting milestone of the company's 25th anniversary as it creates a new customer touch point. From its trademark direct selling business model, Wuerth Philippines can now also be reached by its customers through its Telesales unit, the Wuerth E-Shop and through its 3rd party partner Lazada.
